

## FALL 2018 Final Events Schedule

December 11-14, 2018

The assigned date/day (and/or time) indicates when your final action/deliverable/experience is due for the Fall 2018 semester. You should not have more than two deadlines per day as designed by the schedule. If you do, please see your faculty to reschedule. If the assessment is an in-class exam, follow the time and the assigned classroom listed below. Otherwise, the schedule simply indicates the date that the final assessment activity is due (confirm times for these with the relevant faculty). Note: The assigned classroom may NOT be where you have met all semester.

| Course #  | Section | Course Title   | Instructors                    | Final Activity Date (or deliverable due date) | Final Activity Day | Final Activity Time | Final Activity Location |
|-----------|---------|--|--------------------------------|---|--------------------|---------------------|-------------------------|
| AHSE2515A | 01      | AHSE2515A: Iterate   | Bowen, Jim                     | December 11, 2018                             | Tuesday            | 8-11:00am           | AC318                   |
| ENGR3220  | 01      | ENGR3220: User Experience Design   | Morales, Marco                 | December 11, 2018                             | Tuesday            | 8-11:00am           | AC213                   |
| MTH2110   | 01      | MTH2110: Discrete Math ( <b>note: there is an additional block on Thursday</b> ) | Spence Adams, Sarah            | December 11, 2018                             | Tuesday            | 8-11:00am           | AC326                   |
| SCI1121   | 01      | SCI1121: Electricity and Magnetism   | Somerville, Mark               | December 11, 2018                             | Tuesday            | 8-11:00am           | AC304                   |
| AHSE1100  | 01      | AHSE1100: History of Technology: A Cultural & Contextual Approach                | Martello, Rob                  | December 11, 2018                             | Tuesday            | 12-3:00pm           | AC417                   |
| AHSE1135  | 01      | AHSE1135: The Digital Eye: Photography, Vision, and Visual Communication         | Donis-Keller, Helen            | December 11, 2018                             | Tuesday            | 12-3:00pm           | AC313                   |
| AHSE1148  | 01      | AHSE1148: Dirt to Shirt: Global Garments in Context                              | Lynch, Caitrin                 | December 11, 2018                             | Tuesday            | all work due by 3pm | n/a                     |
| AHSE1199  | 01      | AHSE1199: Writers' Workshop: Creativity and the Literary Imagination             | Lynch, Caitrin; Taaffe, Lauren | December 11, 2018                             | Tuesday            | all work due by 3pm | n/a                     |

| Course #                             | Section                         | Course Title  | Instructors   | Final Activity Date (or deliverable due date) | Final Activity Day | Final Activity Time | Final Activity Location          |
|--------------------------------------|---------------------------------|---|---|---|--------------------|---------------------|----------------------------------|
| CIE2018B                             | all sections                    | Curriculum Innov Experiment: Quantitative Engineering Analysis II   | Christianson, Rebecca; Dusek, Jeff; Houston-Edwards, Kelsey; Nugent, Carrie; Ruvolo, Paul | December 11, 2018                             | Tuesday            | 12-3:00pm           | AC109 & AC113                    |
| ENGR3240                             | 01                              | ENGR3240: Tell the Story of What you Make   | Ferguson Sauder, Tim  | December 11, 2018                             | Tuesday            | 12-3:00pm           | AC213                            |
| MTH2110                              | 02                              | MTH2110: Discrete Math ( <b>note: there is an additional block on Thursday</b> )                          | Spence Adams, Sarah   | December 11, 2018                             | Tuesday            | 12-3:00pm           | AC326                            |

| ENGR3390           | 01           | ENGR3390: Fundamentals of Robotics  | Barrett, Dave   | December 14, 2018                             | Friday             | 12-3:00pm           | AC128                   |
| ENGR3533 / MTH2133 | 01           | ENGR3533/MTH2133: Computational Bayesian Statistics   | Downey, Allen   | December 14, 2018                             | Friday             | 12-3:00pm           | AC306                   |
| ENGR3590           | 01           | ENGR3590: A Computational Introduction to Robotics  | Ruvolo, Paul  | December 14, 2018                             | Friday             | 12-3:00pm           | AC109                   |
| AHSE1150           | 01           | AHSE1150: What is 'I'?  | Stein, Lynn   | No Scheduled Activity During this Time Period |                    |                     |                         |
| AHSE2515           | 01           | AHSE2515: Iterate   | Bowen, Jim  | No Scheduled Activity During this Time Period |                    |                     |                         |
| ENGR1330           | 01           | ENGR1330: Fundamentals of Machine Shop Operations   | Andruskiewicz, Bruce  | No Scheduled Activity During this Time Period |                    |                     |                         |
| ENGR4190           | 01-14        | ENGR4190: SCOPE: Senior Capstone Program in Engineering   | Hersey, Scott; Michalka, Sam; Sarang-Sieminski, Alisha; Stein, Lynn | No Scheduled Activity During this Time Period |                    |                     |                         |
| OIE1000            | 01-'04       | OIE1000: Olin First Year Introduction (OFYI)  | Waranyuwat, Adva  | No Scheduled Activity During this Time Period |                    |                     |                         |

| Course # | Section | Course Title                             | Instructors | Final Activity Date (or deliverable due date) | Final Activity Day | Final Activity Time | Final Activity Location |
|----------|---------|--|-------------|---|--------------------|---------------------|-------------------------|
| SUST2201 | 01      | SUST2201: Introduction to Sustainability | Huang, Jean | No Scheduled Activity During this Time Period |                    |                     |                         |
